Re: Public Records Act Request DOJ No. 26-1884

Dear Chase Kinslow:

This correspondence is in response to your request, which was received by the California Department of Justice/Office of the Attorney General (DOJ) on August 10, 2026, in which you sought records pursuant to the Public Records Act as set forth in Government Code section 7920.000 et seq.

Specifically, your request is stated as follows:

Administrative Routing Data for PIU #1553638: All internal administrative routing logs, digital timestamps, and system notes indicating when the correspondence associated with Public Inquiry Unit (PIU) File #1553638 was received, which specific DOJ personnel or departments it was routed to, and the exact timestamp of when the file was marked closed or resolved.

(Note: I am strictly seeking administrative processing and routing metadata to verify handling timelines, not substantive investigatory work product or legally privileged communications.)

Aggregate Complaint Volume: The total aggregate number of consumer complaints, inquiries, or reports submitted to the California Department of Justice regarding "Affirm, Inc." (or "Affirm") between August 8, 2024, and August 8, 2026.

Enforcement Metric Data: Of the total aggregate complaints identified in Request #2, the statistical number of those complaints that were forwarded to the Consumer Protection Section or resulted in a formal enforcement action.

August 12, 2026

Page 2

Each and every category of your request seeks consumer complaint records or investigative files, and on that basis we must decline your request. Complaints and investigative records are confidential law enforcement records of the Attorney General. Government Code section 7923.600-7923.625 expressly exempts from disclosure investigatory and security files of the Attorney General including complaints about unlawful practices. (See *Williams v. Superior Court* (1993) 5 Cal.4th 337, 354.) This exemption includes internal communications within DOJ regarding the handling of consumer complaints, including the processing and timelines for such requests, the aggregate number of consumer complaints submitted to DOJ, and the enforcement metric data you requested.

We hope the information we have provided is of assistance

Sincerely,

/s/ Public Records Coordinator
